Summary: Worst of any, however, were the fertilizer men, and those who served in the cooking rooms. These people could not be shown to the visitor - for the odor of a fertilizer man would scare any ordinary visitor at a hundred yards, and as for the other men, who worked in tank rooms full of steam, and in some of which there were open vats near the level of the floor, their peculiar trouble was that they fell into the vats; and when they were fished out, there was never enough of them left to be worth exhibiting - sometimes they would be overlooked for days, till all but the bones of them had gone out to the world as Durham's Pure Leaf Lard!

CONSENT
ORDER

This matter was considered by a Hearing Panel of the Disciplinary Hearing Commission composed of Beverly T. Beal, Chair, and members N. Hunter Wyche, Jr., and Randy Moreau, pursuant to North Carolina Administrative Code, Title 27, Chapter 1, Subchapter B, § .0114(h). Plaintiff, the North Carolina State Bar, was represented by Maria J. Brown. Defendant, Nicholas S. Ackerman, appeared *pro se*. Defendant waives a formal hearing in this matter, and both parties stipulate and consent to the findings of fact and conclusions of law recited in this consent order and to the discipline imposed. FINDINGS OF FACT

1. 1. The Hearing Panel has carefully considered all of the different forms of discipline available to it. In addition, the Hearing Panel has considered all of the factors enumerated in 27 N.C.A.C. 1B §.0114(w)(1) of the Rules and Regulations of the North Carolina State Bar and concludes the following factors warrant consideration of suspension of Defendant's license:

(B) Intent of the defendant to commit acts where the harm or potential harm is foreseeable; and

(E) Negative impact of defendant's actions on client's or public's perception of the profession.

2. The Hearing Panel concludes that none of the factors enumerated in 27 N.C.A.C. 1B §.0114(w)(1) of the Rules and Regulations of the North Carolina State Bar are present in this

The Hearing Panel has considered all of the factors enumerated in 27 N.C.A.C. 1B §.0114(w)(1) of the Rules and Regulations of the North Carolina State Bar and concludes the following factors warrant consideration of suspension of Defendant's license:

(A) Defendant's prior disciplinary offenses;

(C) Absence of dishonest or selfish motive;

(O) Refusal to acknowledge wrongful nature of conduct; and

(S) Defendant's degree of experience in the practice of law.

4. The Hearing Panel has considered lesser alternatives and finds that a censure, reprimand, or admonition would be insufficient discipline because of the significant potential harm to the public and legal profession posed by Defendant's conduct.

5. Although Defendant's conduct is serious enough to warrant more than a censure, it does not warrant an active suspension of his license.

6. A stayed suspension of Defendant's law license is warranted because entry of an order imposing less severe discipline would fail to acknowledge the seriousness of the misconduct and would send the wrong message to attorneys and the public about the conduct expected of members of the Bar of this State.

Based upon the foregoing Findings of Fact, Conclusions of Law, and the Findings and Conclusions Regarding Discipline, and with the consent of the parties, the Hearing Panel enters the following:

ORDER OF DISCIPLINE

1. The law license of Defendant, Nicholas S. Ackerman, is hereby suspended for one (1) year, effective from the date this Order of Discipline is served upon him. The period of suspension is stayed for two (2) years as long as Defendant complies and continues to comply with the following conditions:

(a) Defendant shall arrange for an active member of the North Carolina State Bar to serve as his law practice monitor. Defendant's practice monitor shall be an attorney in good standing who practices law in the judicial district in which Defendant practices law and who has been approved by the Office of Counsel. The monitor shall agree to supervise all client matters and make reasonable efforts

Site: Durham's Meatpacking Chicago, Ill.

Date: February 3, 1905

Violation Count: 7

Summary: Worst of any, however, were the fertilizer men, and those who served in the cooking rooms. These people could not be shown to the visitor - for the odor of a fertilizer man would scare any ordinary visitor at a hundred yards, and as for the other men, who worked in tank rooms full of steam, and in some of which there were open vats near the level of the floor, their peculiar trouble was that they fell into the vats; and when they were fished out, there was never enough of them left to be worth exhibiting - sometimes they would be overlooked for days, till all but the bones of them had gone out to the world as Durham's Pure Leaf Lard!
